Career Objective

Aspiring Software Developer and Information Technology student with a strong foundation in MERN stack development and hands-on experience building real-world web applications. Eager to leverage technical skills in full-stack development, API integration, and responsive design to contribute to innovative and impactful technology solutions. Seeking opportunities that foster growth, collaboration, and meaningful contributions to the tech community.

Education

Trinity College of Engineering and Research, Pune <i>B.E. – I.T. Engineering GPA: 9.19</i>	11/2022 – Present
G. R. P. Sabnis Jr. College, Pune <i>12th HSC Percentage: 77.50</i>	06/2021 – 03/2022
Shri Sainath Highschool, Ahilyanagar <i>10th SSC Percentage: 92</i>	06/2019 – 03/2020

Skills

- **Programming Languages:** Java, C, C++, Python
- **Web Development:** HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React.JS, Node.JS, Express.JS
- **Database:** MySQL, MongoDB
- **Cloud:** AWS (EC2, S3, Lambda, VPC, DynamoDB)
- **Development Tools:** GitHub, Docker, Postman, VS Code

Experience

MERN Stack Web Developer Intern EY-GDS & AICTE	02/2025 – 04/2025
Worked on full-stack development using the MERN stack, building an interactive recipe-sharing platform with real-time features. Focused on API integration, responsive design, and optimizing system architecture for better scalability and user experience.	

Projects

- **Feeding Hands** | *EJS, BootStrap, NodeJS, Express.js, MongoDB, Node-mailer, Stripe*
Built a real time web application - **Feeding Hands**, a web platform reducing food wastage by connecting restaurants with NGOs and volunteers. Enabled real-time food donation tracking, streamlined user management, and enhanced accessibility and create a meaningful social impact.
- **SwaadConnect** | *React.js, Node.js, MongoDB, Material UI*
Bringing food lovers together through a dynamic recipe-sharing platform where users can explore, share, and interact with diverse recipes effortlessly. Designed for engagement and accessibility, it fosters a vibrant cooking community, enhancing user experience and culinary creativity.
- **Wanderlust** | *EJS, BootStrap, Rest APIs, Node.js, Express.js, MongoDB*
Full-Stack HomeStays Booking Website - Wanderlust is a full-featured travel platform designed to help users discover, review, and share highly rated rentals for their next adventure.

Achievements

- **InnovateYou Techathon 2.0(Feb 2025):** Our team developed a digital web-platform to connect surplus food sources with NGOs for real-time redistribution and waste reduction.
- **GDSC Ideathon(2022):** Presented idea and got consolation prize on topic “**Ocean Monitoring System**” for tracking the environmental changes inside ocean and large water-bodies.
- Secured 1st rank in Third semester, 2nd rank in Fourth semester and 2nd rank in Fifth semester with 9.19 SGPA.
- **Certifications:** Full-Stack Web Development(*Apna College-2025*), Udemy Java certification(*Nov 30, 2024*), Udemy C++ certification(*April 25, 2024*), Udemy C Programming certification(*March 29, 2024*)
